Associate Professor of Clinical Medicine
Director, USC Endocrinology Fellowship Training Program

Jorge H. Mestman, M.D.
Professor of Clinical Medicine and OB/GYN
Director, USC Center for Diabetes and Metabolic Diseases

Charles F. Sharp, Jr., M.D.
Associate Professor of Clinical Medicine
Section of Endocrinology, KSOM
COURSE DESCRIPTION

The 37th Symposium: Thyroid 2015, Practical Solutions to Complex Clinical Problems is designed to present the latest evidence-based information, published and recently revised guidelines to improve the competency and effectiveness in the detection and treatment of thyroid disease. Critical areas of need have been acknowledged relating to the identification and management of thyroid dysfunction.

EDUCATIONAL OBJECTIVES

By the end of the course, participants will be able to:

• Review the biochemical and clinical evaluation, and treatment of hyperthyroidism, including review of published guidelines.

• Review current guidelines describing the evaluation and management of thyroid nodules and goiter.

• Present new information regarding thyroid imaging and indications.

• Describe recent advances in the management of hypocalcemia.

TARGET AUDIENCE

This course is intended for endocrinologists, primary care providers, pharmacists, nurses and other healthcare professionals seeking to enhance their understanding of thyroid diseases and treatment options in order to select the optimal management for their patients.

Accreditation Statement

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation

The Keck School of Medicine of the University of Southern California designates this live activity for a maximum of 6.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
