DESCRIPTION:
This Burn surgery clerkship will introduce the medical student to the diagnosis, preoperative preparation, operative treatment, postoperative care and follow-up of burn victims referred to this Burn Surgery Referral Center. Surgical critical care is a dominant experience. Participation will be concentrated in daily ICU rounds, assisting in surgery, attending surgical conferences, and outpatient care.

EVALUATION:
No formal written or oral tests given. Student’s performance is assessed by the faculty who work with them as for their effort, proficiency and behavior. Participation during rounds and in the operating room is heavily weighted. All the staff will evaluate the individual student and the preceptor will summarize the overall performance in the student evaluation form.

*COURSE OBJECTIVES*
Students will be able to:
1. Discuss pathophysiology and treatment of acute burn injury.
2. Discuss mechanisms and treatment of hypovolemic and septic shock.
3. Describe wound management.
4. Assess burn wound depth and percentage.
5. Discuss fluid resuscitation protocols.
6. Discuss diagnosis and treatment of sepsis.
7. Additionally students will gain skills in central line and Swan Ganz catheter placement, obtaining and placement of skin grafts, and suturing wounds.

*Selective Attendance and Illness Policy*
In order to insure adequate clinical exposure, no more than 3 days of excused absences (to include official Holidays) can be accepted during a selective. This policy does not imply that absences are guaranteed; absences may be excused at the discretion of the faculty. Absence due to illness must be reported to the faculty or his/her designee as soon as possible. In case of extended absence (2 days or more), a note from a physician (who is not a relative) is required and the absence will be reported to the Office of Student Affairs. A physician note may be requested for any absence, at the discretion of the faculty.

Students will generally be required to make up days before a passing grade can be assigned. All absences must be excused and any planned absence must be registered with the preceptor prior to the first day of the selective. Students should take vacation time if he/she anticipates a need for more than 3 absences during a selective. USMLE and BLS/ACLS will not be considered excused absences.
