# Mentoring Workshop

Presented by the Workforce Development Program (WD) of the Southern California Clinical and Translational Science Institute (SC CTSI)

## ABOUT THE SESSION

This interactive workshop will cover fundamental aspects of mentoring and provide a strategy to resolve challenging mentorship situations.

Hands-on group exercises provide opportunities to interact and practice the newly learned mentorship approach.

## OBJECTIVES

- To define different types of mentorship
- To learn strategies to identify, diagnose, and solve difficult performance problems
- To practice strategies using real-world situations

## DATE:

Wednesday, April 24, 2019  
1:00 p.m. - 4:00 p.m.  
Or  
Tuesday, May 7, 2019  
9:00 a.m. - noon

## LOCATION:

Norris Research Tower, LG  
503/4 1450 Biggy St, Los Angeles, CA
