

Doctor of Nurse Anesthesia Applicant Shadow Verification Form

Dear Colleague,

The University of Southern California, Keck School of Medicine, Program of Nurse Anesthesia requires applicants to shadow a certified registered nurse anesthetist (CRNA) or an anesthesiologist as part of the application process. This shadow experience is intended to provide prospective program candidates with insight into the nurse anesthetist profession. There are no minimum shadowing hours, the program is looking for a quality shadow experience.

Please complete the information below and return form to the applicant. Thank you for taking time to share the CRNA profession with potential future nurse anesthetists.

Applicant Name: _____

This applicant completed _____ hours of job shadowing with a CRNA providing direct patient care.

Were CRNA roles and responsibilities discussed with the applicant? Yes No
